SUPPLEMENTAL REPLY

Commissioner for Patents
Washington, DC 20231

Dear Sir:

This is a supplemental reply filed in response to the Notice of Non-Responsive Amendment mailed March 14, 2006. The Notice indicates that the prior reply was not fully responsive because of a failure to indicate whether the new claims 56-68 read on the elected species of the embodiments shown in Figs. 29-32.

In response, Applicants now indicate that all of the newly-added claims 56-68 read on the elected species of Group 5, the embodiments shown in Figs. 29-32 and described in the corresponding specification text.
